

2021 Sunflower Growing Project

RECORD SHEET

NAME(S):

Date planted:

Plant your sunflower seeds either in the garden or suitable plant pots or growbag.

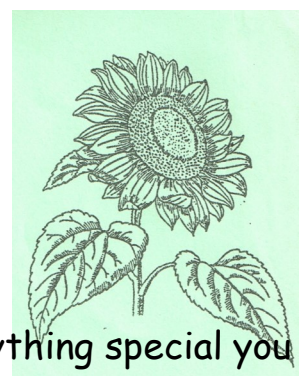

1. State what you can do to help the plant grow tall and healthy.

2. Keep a record of its growth height, say weekly, in a table

Week	Date	Height	Any other observations
		(in cm or metres)	

3. Final height of plant from soil to tip of flower:

4. Diameter of flower (central seed cluster):

5. Overleaf, say what you enjoyed most in the project and anything special you learnt.

Describe any particular problems that you met.

6. You may like to make a record your progress visually on a camera, mobile phone, I-pad or tablet.
